Travis Greenbaum

Address: 225 W 146 St, New York, NY 10039 | Phone: **(860) 508-0834 |** Email: **TravisMG11@gmail.com**

PROJECTS

StealPal — *Single Page Web App inspired by MealPal (link)(github)*
  - Constructed the backend using Rails the frontend using react/redux to replicate the site's functionality and interface
  - Utilized the JSON Rails API to connect and move data between the front end and the backend via Ajax requests
  - Built a fully functional four-layer using Google Maps API and responsive updates to the state and browser

Destroy the Fleet! — *Browser Game (link)(github)*
  - Designed game logic based on Space Invaders in JavaScript
  - Brought the game and original design to life via Canvas and HTML

kingDOM — *jQuery replica (no demo yet)(github)*
  - Remaking of the ubiquitous DOM manipulation library

EDUCATION

App Academy, *New York, NY*
